ALMOST DEAD WITH CATARRH

HAS SAVED

Catarrh for Five Years.

Mr. S. S. Johnson, Greenville, Ill., writes:

"I was the five years troubled with catarris. Two years ago I had one foot in the grave. I had tried seven doctors and also went to a catarrh spe cialist in St. Louis, and took several kinds of medicine a day, I could not walk more than a hundred yards without resting. "My fri ends told me to take Peruns, and I did so. I now feel that

Peruna has, saved my life. It is the best medicine on earth, and I would not be without it."

Nasal Catarrh, Coughs.

Mr. Emil Pickart, 463 150th St., Hammond, Ind., writes:

"I am entirely cured of catarrh of the nose, and my stomach is in good condition also. I only used about five bottles of your great medicine, although I had catarrh so bad and for so to go into all kinds of badly heated many years that I thought I wouldn't live much longer, I had to consult doctors right along. Now all my friends say I never looked as well as I do now. 'I can also say that it is a great rem-edy for coughs, because I gave it to my children. I never will be without it. I used enough other medicine to know how valuable Peruna is,

"You are at liberty to use my name in spreading the merits of Peruna."

Children don't care!

If they did care they would forget!

Wrigley's SPEARMINT makes it ensier for them to care for their teeth than not to care.

If your children chew it every day, the friction and the mint leaf juice preserve their teeth indefinitely.

While they chew it they also help digestion. Most children don't chew food properly - don't create enough saliva. Chewing this clainty helps digest the "gulpings."

And all this applies to you-Mr. or Mrs. or Miss!

Buy it by the Box of any dealer. It costs less.

Pass it around after meals.
